15. INSURANCE REQUIREMENTS:

This Agreement shall not be executed by COUNTY, and CONTRACTOR is not entitled to any rights hereunder, unless certificates of insurance, or other proof that the following provisions have been complied with, are received by the Humboldt County Risk Manager or a designee thereof.

It is further understood that CONTRACTOR shall not terminate such coverage until COUNTY receives adequate proof that equal or better insurance has been secured.

3. The inclusion of more than one (1) insured shall not operate to impair the rights of one (1) insured against another insured, and the coverage afforded shall apply as though separate policies had been issued to each insured, but the inclusion of more than one (1) insured shall not operate to increase the limits of the insurer's liability.
4. For claims related to this Agreement, CONTRACTOR's insurance is the primary coverage to COUNTY, and any insurance or self-insurance programs maintained thereby are excess to CONTRACTOR's insurance and will not be used to contribute therewith.
5. Any failure to comply with the terms and conditions of this Agreement shall not affect the coverage provided to COUNTY or its agents, officers, officials, employees and volunteers.

The purpose of this Agreement is to secure professional autopsy and forensic pathology services for the Humboldt County Coroner – Public Administrator Bureau, including autopsies, examinations, consultation, and related expert support.

1. SERVICES:

CONTRACTOR shall perform the following services pursuant to the direction of the Coroner or his designee:

Bennet Omalu Pathology will provide a board-certified forensic pathologist to perform autopsies for the Sheriff-Coroner's Office. All types of autopsies will be performed including full autopsies, partial autopsies, external examinations, medical records reviews and body inspections. Specialized brain examinations will be performed when indicated and needed according to the standards of practice of autopsy pathology.

Digital autopsy photographs will be taken for every case as part of the autopsy protocol. Body fluids, including vitreous humor, heart jugular, femoral or cavity blood samples, bile and urine samples will be routinely taken on every case, if and when available, and saved for laboratory analysis.

Histologic tissue sections will be taken for histochemical and immunohistochemical tissue analysis and microscopic examination on every full autopsy or partial autopsy case. Archival stock tissue samples will also be taken and fixed in formalin on every full or partial autopsy case. Blood spots on a DNA card or more will also be taken on every autopsy and saved.

At the completion of the autopsy prosection a cause of death, if known at this time, will be immediately provided to the Coroner's Office in a preliminary death causation form in order to facilitate a timely completion of the death certificate. If the cause of death is not known at the completion of the autopsy prosection, pending toxicologic, histologic or other laboratory analysis, a pending causation will be issued on this form.

Bennet Omalu Pathology will provide highly trained and experienced autopsy assistants at no additional cost outside the pricing schedule presented in the pricing section of this proposal. The autopsy assistants will be assisting the forensic pathologist with all pre-autopsy, autopsy and post-autopsy procedures and logistics management. The autopsy assistants will work directly with the Coroner's Office personnel to facilitate every step of the autopsy protocol.

All materials relating to all autopsies we perform shall be converted to digital materials and stored on the remotely located information technology systems and databases of Bennet Omalu Pathology located at 1621 Executive Court, Sacramento CA 95864. They have a highly specialized and advanced autopsy facility and refrigerated body storage unit at this location and will allow the Coroner's Office to use or rent this facility if the need may arise for whatever reason in the future.

2. SCHEDULE:

Services shall be performed on an ongoing, as-needed basis according to the following guidelines:

The designated forensic pathologist will visit the Humboldt County Coroner's Office or other facility designated by the Coroner's Office, once per week, with at least two autopsy assistants to perform autopsies. Autopsies will be performed typically within the hours of 8:30 A.M. and 5:00 P.M. on weekdays and/or on weekends depending on the case load and need. Whenever it is expedient or necessary, autopsies will be performed outside these typical working hours and regularly scheduled visits. For example, if there are ten bodies to be autopsied in one day, the forensic pathologist and autopsy assistants will stay as long as necessary to complete the cases if they have to be completed that day. Or, they may come back the next day to complete the cases, based on what is most convenient for the Coroner's Office.

Reports will be issued within the standards set by the College of American Pathologists [CAP] and the National Association of Medical Examiners [NAME] (less than 90 working days).

CONTRACTOR shall provide no less than fifteen (15) days' advance notice of any planned unavailability.

Testimony, consultation, and other services shall be provided as scheduled or requested by the Coroner or the District Attorney.

PRICING

Bennet Omalu Pathology has the same fee schedule for all the counties that we serve within the State of California. The last time our service costs were increased was in 2019. Since then, the cost of doing business, including inflation, labor, materials, and utilities costs, have increased by about 20 – 25%. Unfortunately, at this time, in order to remain in business, we have to increase our service costs, however we are increasing them by a reasonable rate of about 0 - 20% only. The start date for this fee schedule was May 1, 2025.

This will still save the county significant amounts of money if these bodies were to be shipped to other agencies, counties and facilities for autopsies.

C. Forensic Neuropathology Services

The College of American Pathologists, National Association of Medical Examiners and American Association of Neuropathologists currently require the whole brain to be fixed in formalin for at least two weeks and comprehensively examined with specified protocols. Brain tissue is processed differently from other tissues in the human body, and only specialized tissue laboratories perform such analysis. In addition to specialized histochemical stains, we also perform specialized immunohistochemical stains that will provide answers to medico-legal questions in homicide cases, child abuse cases and elder abuse cases. The standards of practice as set by these governing agencies and associations state that the brain shall be examined in cases involving Seizure Disorder, Sudden Death in Epilepsy, Excited Delirium, Child Abuse, Elder Abuse, Physical Homicidal Assaults, Sudden Death in an Infant or Child, Intra-Operative Deaths etc. This rate is a highly discounted rate. Bennet Omalu Pathology charges a fee of \$7,500 to \$15,000 for forensic neuropathology examination of cases sent to us from universities, coroners and medical examiners from across the United States that we do not have long-term contractual agreements with. We are reducing this rate by 60-80% for Lake County because of the contractual and long-term relationship we share.

| 1. | Whole brain examination with or without spinal cord, pituitary gland and dura mater | \$2,550.00 per case |

| 4. | Specialized brain histochemistry [All types] | \$ 149.00 per slide |

D. Specialized Tissue and Body Fluid Testing and Laboratory Analysis

Each test including tissue histological and immunohistochemical analyses, mutational analysis, biochemical analysis, microbiological analysis and toxicologic analysis shall be billed directly for only the laboratory fee charged by the laboratories without any additional fee or cost from Bennet Omalu Pathology

1. The County shall be billed only the total laboratory fee with attached invoice from the laboratory or receipt of payment to the laboratory, without any additional fee from Bennet Omalu Pathology.
2. The per unit cost of these tests are not available and cannot be determined. There are many laboratories across the United States that we use for our services, and there are tens of thousands of unique tests and algorithms than can be performed. It is not reasonably feasible to list all these possible tests performed by different laboratories across the United States. Most of these tests cost from several tens of dollars to several hundreds of dollars, and rarely several thousands of dollars. It is rare to find a laboratory test that will cost more than \$4,000.00.

E. Specialized Tissue Reagents and Chemicals

These are all types of specialized tissue reagents and chemicals that are not used routinely for example Osmium Tetroxide and Potassium Dichromate. These types of chemicals are rarely used and may never be used or used once or twice in 5-10 years.

1. The County shall be billed the total purchase price with attached invoice or receipt of purchase.

F. Autopsy Supplies

1. These are all types of supplies for performing autopsies, handling, processing and storing tissue and body fluid samples including but not limited to protective clothing, specimen tubes and DNA cards. Supplies exclude hardware and instruments for performing autopsies, which are supplied by Bennet Omalu Pathology except large infrastructural hardware like the autopsy table and work-station.
2. Bennet Omalu Pathology will bill the county the total purchase price with attached invoice or receipt of purchase for all autopsy supplies purchased.

H. Submission of Invoices and Receipt of Payment

Invoices will be submitted by Bennet Omalu Pathology to the designated personnel at the Sheriff-Coroner’s Office or District Attorney’s Office, by e-mail, on bi-weekly basis, by the 15th of every month, and by the 30th of every month [by the 28th for the month of February] for autopsies that have been performed and other services that have been provided. Payments are expected before the next invoice is submitted [15 days], or at most within 30 days for the worst-case scenario. Payments will be made by checks mailed to our operations office at 1621 Executive Court, Sacramento, CA 95864.

The timing and event for the initiation of an invoice for an autopsy performed is the completion of a preliminary cause of death sheet at the end of the autopsy prosecution or case review.
