Maintenance Policy- Ambulances

DAILY

All in service ambulances are to be inspected by the on-duty crews each day using the vehicle check out form. This daily inspection includes assessing tire status, engine oil and coolant levels and a visual inspection for any obvious defects.

Any defect, fluid leakage, or other concern will be recorded on a maintenance memo and conveyed to maintenance manager. The maintenance memo shall include the vehicle number, odometer reading, a description of the problem, and anything done to correct the problem. If any condition has been previously noted on a maintenance form, but has not been corrected, another maintenance form shall be completed (unless a notice has been distributed via email detailing the expected resolution of the problem and the operational status of the unit involved).

If any deficiency is noted that effects the operational status or safety of the vehicle, management shall be notified immediately and the vehicle placed out of service.

COMMUNICATION

An email will be distributed to all field personnel any time a vehicle is removed from service. If a problem persists, but in the estimation of management and the involved mechanics does not affect the operational status of the unit, notification will be posted in the station. An email notice will go out when a vehicle is returned to service or a known issue is resolved.

PREVENTATIVE MAINTENANCE

An oil change and safety inspection performed by a qualified mechanic utilizing the Preventative Maintenance Inspection (PMI) form will be performed at predefined intervals. That PMI service will be Type A every 5,000 miles, Type B every 15,000 miles, and Type C every 30,000 miles as detailed on the PMI form.

SERVICE PROVIDER

The service provider for all units for routine servicing will be Central Ave Service, 2787 Central Ave. McKinleyville, 707-839-8337.

The service provider listed above will track and record the maintenance performed and recommend additional maintenance as indicated. For vehicles covered under a manufacturer's warranty, repairs will be scheduled through the applicable dealership.

Radio Communication Equipment

AMBULANCE

VHF – 160 channel programmable radio. Each radio is programmed with a wide variety of channels allowing for direct communication with law enforcement, fire, and various other agencies.

UHF – MedNet programmable radio. The mednet radio is programmed for communication with all surrounding receiving hospital facilities.

HAND HELD RADIOS

On-duty personnel have available to them a Kenwood portable VHF radio with 32 channels programmed like the mobile radios. The company maintains 8 of these portable radios.

REPEATERS

The company maintains a VHF repeater located at Mad River Community Hospital, and VHF radios at our stations in McKinleyville and Arcata. The company also maintains a base radio on Mt. Pierce which is linked via microwave to the Cal Fire Command Center in Fortuna.

COMMUNICATION VENDOR

All radio equipped has been supplied by Silke Communications. They maintain records of the specific radio equipment in service and provide maintenance and repair services.

LOGIS DEVICE

Each on-duty ambulance EMT/Paramedic carries a mobile Logis device similar to a cellular phone which is linked via modem to the communications center. This is the primary method for dispatching and tracking of crews, and communication between on duty crews and the communication center. Additionally, the communications center can track in real time the location of each unit due to a cellular modem attached to each ambulance.

Quality Management practices and policies

Arcata-Mad River Ambulance maintains a continuous quality improvement program and makes quarterly reports to the North Coast EMS Agency addressing personnel, equipment and supplies, facilities, pre-hospital care reporting, public education and risk management. Patients care reports are peer reviewed for adherence to company developed standards and North Coast EMS policies. Additional quality standards are addressed in our Exclusive Operating Area Agreement with North Coast EMS. That agreement requires tracking of multiple response time standards and quarterly reporting of items including standbys, mutual aid responses and public education activities.

Staffing and Hiring Policies

The hiring of field personnel requires the applicant to complete an on-line application, verify current certification as an EMT, or license as a paramedic, submit a driver record evidenced by CA DMV motor vehicle report which meets company and insurance standards, and hold a current Ambulance Driver's Certificate and CPR card. The company is a federal equal opportunity employer. All successful applicants must pass a pre-employment physical exam and pass a drug test.

All new employees complete a minimum 72 hour orientation and training program as a third person with an on-duty crew. Successful completion of that program is verified by completion of an orientation checklist. For paramedic new hires, the NCEMS required accreditation checklist is included in the above training. Employees are required to complete a wide variety of training programs within 3 months of hire.

All emergency response ambulances are staffed 24/7 at the Advanced Life Support level by a two person crew consisting of at least one paramedic and one EMT. Crews staffed by two paramedics are common.

Organization Chart of Management Staff – Please see attached organizational chart.

Experience of the applicant/knowledge or involvement in the Humboldt County EMS System
– Please see attached resume of company director.

Additional information statement - 2026

Arcata-Mad River Ambulance has been the sole provider of emergency and non-emergency ambulance services in the northwest portion of Humboldt County, identified as Zone 1 under the Humboldt County Ambulance ordinance, for over 60 years. We provide 24/7 service from our stations located in Arcata and McKinleyville and work closely with seven first responder fire departments and Mad River Community Hospital. We are approved as an advanced life support provider and have been awarded an Exclusive Operating Area (EOA) by the North Coast EMS Agency. Our senior manager has over 40 years of ambulance experience in Humboldt County and currently serves as chair of the Humboldt County Medical Advisory committee. We have been honored to provide high quality prehospital care at the Paramedic level to the communities we serve for many years and look forward to continuing to provide those services for many years to come.

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location And Description Of Completed Operations
The County of Humboldt, its officers, officials, employees, representatives, agents and volunteers	All locations where you perform work for such additional insured pursuant to any such written contract.
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the Schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following is added to Section III – Limits Of Insurance And Retained Limit:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or
2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.
