**DISCUSSION:**

The National Harm Reduction Coalition is the lead organization for the California Harm Reduction Initiative, also known as CHRI, supported by the California Department of Public Health (CDPH), Office of AIDS (OA). CHRI was established by the California Budget Act of 2019, which included \$15.2 million to strengthen substance use disorder response by supporting staffing at harm reduction programs.

DHHS - Public Health, North Coast AIDs Project (NorCAP) has been awarded a six-month supplement to the CHRI grant in the amount of \$59,015 for the term of July 1, 2023, through December 31, 2023. The original grant was approved by your board on December 8, 2020, awarding \$337,500 from August 1, 2020, through June 30, 2023, to expand harm reduction services and deepen linkage and engagement with other health service and resource programs. Specifically, substance use disorder treatment services, building upon local expertise, uplifting the voices and priorities of people who use drugs, and centering racial justice. Technical assistance is also a component of this grant.

Funding will sustain the Mobile Outreach program, which operates under Humboldt County DHHS-Public Health's North Coast AIDs Project, to continue to serve rural and frontier areas, including tribal lands to disenfranchised populations in Humboldt County. The main goals of the project are to provide harm reduction services, free HIV and HCV testing to prevent the spread of infectious diseases, assist clients in accessing enabling services through linkages to care, and provide overdose prevention education including Naloxone training and distribution. All services are provided in a supportive community, free from judgment and built on equity, empowering people who use drugs to be the primary agents of reducing the harms of their drug use.

This agreement is coming before your Board after the contract start date due to delays on the part of the grantor. The late execution will have no effect on the receipt of funding or delivery of program activities.
