DISCUSSION:

The County of Humboldt, through the Department of Public Works, has historically maintained agreements with Recology and related service providers for the operation and maintenance of the Redway Transfer Station and associated northern and southern solid waste container sites.

These services include solid waste handling, recycling support, and illegal dumping abatement, which are critical to maintaining public health, safety, and environmental compliance.

The Department is recommending continuing this item to the Board meeting of June 2, 2026, to allow more time to finalize the agreements.
