August 10, 2025

Mr. Mattson,

Please accept this packet as our family's official proposal, requesting the Humboldt County Board of Supervisors give full consideration to naming the new Honeydew bridge in memory of our family patriarch and former District 1 Supervisor, George Hindley.

The submitted documents indicate a history of influence not only in the Mattole Valley, but also in the Eel River Valley and Humboldt County as a whole. As an early settler to the Valley and founder of our six-generation ranch, Supervisor George Hindley, was by historical documentation, a hardworking, honest and dedicated family man and public servant.

In compiling our family proposal, we enjoyed the opportunity to learn even more about both the history of George and the Hindley family in general. More specifically, his role as extensive landowner, businessman and recognized leader for both the Mattole Valley and Humboldt County.

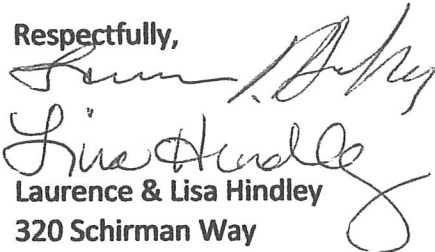

This process has brought us closer together as a family and reinforced our connections to the community. We are appreciative and humbled by the encouragement, enthusiasm and love from our community, family and friends. All who have provided support and assistance for this journey.

We also owe a heartfelt thank you to the museums, historical societies, agencies, and individuals who researched, wrote letters and signed petitions recognizing George's contributions and advocating for the Hindley family proposal.

Additionally we are appreciative for the opportunity to share the story of George Hindley and to the County of Humboldt for their consideration of naming the bridge at Honeydew in his honor.

Thank you very much for your time and consideration. Please reach out to us with any questions or if there is a need for additional information.

Respectfully,

Laurence & Lisa Hindley

320 Schirman Way

Fortuna, CA 95540

George Hindley—Supervisor, rancher and farmer, substantial landowner, patriarch of large and hospitable family, and now potential namesake of the new Honeydew Bridge.

“The death of George Hindley has cast a gloom over all Humboldt county. He was known to old and young in every part of the county and was universally esteemed and respected. Of a sunny disposition, he attracted and held friends, and a chat with him was a sure cure for the blues. A testimony of his popularity is seen in the fact that he was elected Supervisor time after time as a Democrat, though the district was strongly Republican.” So stated George Hindley’s obituary in the *Ferndale Enterprise* of March 13, 1914, three days after his death at the age of 67.

A similar sentiment was revealed in J.M. Guinn’s *History of the State of California*: “George Hindley is one of the [most] extensive and successful stockmen in Humboldt County. A man of ability, intelligence, and excellent business talent, he is very influential in the management of public affairs, and is now rendering good service to the community in which he resides as supervisor of District No. 1. ... Mr. Hindley... is one of the most active and respected men of his community.”

George Hindley’s story begins, of course, with his parents: Henry Hindley, born 1822 in England and orphaned at a young age, was married to Elizabeth “Betty” Lawton in England in January, 1846. Betty was a bit older than Henry, born in 1816. In what was evidently a very busy year, the couple emigrated to Ohio, then up to Port Stanley, Elgin, in what was then called Western Canada—now Ontario. George Hindley was born October 13, 1846, as a Canadian of English parents. He seems to have been given no middle name. Apparently, George stayed with his mother in the Port Stanley area for several years while father Henry returned to the States, butchering and mining in the Weaverville area of Trinity County from 1851 ‘til 1859. At almost the age of 8, Betty Hindley brought children George, Rebecca (later Mrs. Harvey), and Elizabeth (later Mrs. McAlpine) to Trinity County; 1854 marked George’s immigration to the U.S. A few years later, the entire family moved to Hydesville, where in 1859 Henry was engaged in the stock business (however, they do appear on the Oregon Gulch, Trinity Co., census in 1860. My guess is that, being very enterprising people, they kept ranch business going in several locations simultaneously).

In 1866, George Hindley married Margaret Jane Holman, who had been born July, 1852, in Wisconsin, to Nicholas and Mary Ann Merritt Holman. The wedding was on Christmas day, in Weaverville; the bride would have been only 14 years old. Margaret’s brothers, Richard Merritt (Dick) and Joseph Holman, as well as her father, Nicholas, were often-seen names around the Ferndale-to-Honeydew areas in local pioneer rancher history. Her mother and sister, also named Mary Ann— Mrs. Harkey—also seemed to visit the family often, both in Mattole and later in Ferndale. According to J.M. Guinn’s *History of the State of California: Historical and Biographical Record* (probably a 1903 edition; p. 755), 1866 also marked the beginning of George’s own career; at a mere 20 years old, he moved to the Upper Mattole area and began working cattle and sheep on a ranch that eventually exceeded 2800 acres.

In 1867, son George Lawton Hindley was born; by 1870, though active in Upper Mattole, the family is still listed on the Weaverville census: George Hindley, 24, a teamster; Margaret, 18; and young George L., age 2.

All told, 13 live children were born to Mr. and Mrs. George Hindley, although four of them died before adulthood. Anna, born 1872, married Walter Hackett; Margaretta "Cora" was a schoolteacher at Bull Creek and Honeydew, among others places, and married Walter Reishus (their one child died in infancy). Ernest is present in almost all of the family photos, and stayed with the family 'til old age; he was "feeble-minded" and illiterate, though he seemed to be an active ranch worker. Verna (sometimes seen as Vera or Verena) married George C. Lindley and lived at Upper Mattole, having at least four children. Enid married Mr. Waddington and moved to the same-named area outside Ferndale. Rebecca (Tudy) married a Mr. Keating. The two youngest children, Joseph and Henry, had long and publicly visible lives: Joseph, or "JND" for Joseph Nicholas Delamatra, or "Doc" Hindley, was a dentist in Ferndale, well-known as a "father of the Fair" as well as being the literal father of George A. Hindley, who lived 'til over 100, passing away in 2020; Jean (Mrs. Bud) Myers; C.J.; and Harlan Hindley. Henry Hindley married Ione Holbrook; Henry and Ione's names and photos show up occasionally in local history, and they left behind at least one photo album full of fascinating glimpses of rural Mattole life around the 1920s. They had no children.

Speaking of revealing records of the past, in 1880, George Hindley, firmly planted in the area above what's now Honeydew as a rancher, orchardist, builder, helpful neighbor, and family man, kept a diary. (It is unclear exactly when the Hindleys moved their primary home down to the flats around what is now Honeydew proper, although an 1886 map shows the family name on the northwest quarter of Sec. 6 there—on what we call the Old Hindley Ranch Road area—and in the southeast quarter of Sec. 36, site of the present Hindley Ranch.) Although there are only about two to eight lines per daily entry, he did keep the record faithfully, and the names, places, and activities mentioned are an excellent illumination of Mattole pioneer struggles and rewards. A notable trend in his family's life was the neighborly cooperation; friends were always stopping by on business or pleasure, spending the night or a week. George himself often went for long stays with neighbors, building homes or barns, separating or gathering livestock, helping with fence-building projects, etc.—and very often, going on hunting parties, almost always successfully bringing home the venison.

A large box of photo albums from a bit later in the family's history (mainly the 1890s through 1910s) shows, often, not only the nine surviving biological children—three others died in infancy, and Charles, in 1877 at the age of seven, from diphtheria—but close friends, probable "servants," and unofficially adopted youth. A Roderick Elwood shows up in many of the pictures, and is also included as part of the household in the 1910 Ferndale census—he was supposedly an Irish orphan. The pictures also show many parties, people dressed up in silly costumes, and a general sense of good humor and love of fun. The impression left by the photographic and census records is of a very generous, inclusive, and progressive family.

Highlights standing out in the historical record for George Hindley include being shot in the face by Cyrus C. Fitzgerald, a neighbor up near Cathey's Peak who appears regularly and uneventfully in George's 1880 journal; the shooting occurred in the summer of 1883, after some altercation involving property with George's father Henry, and led to a verdict against Fitzgerald and prison time. Voters' Registers from the 1890s describe George as light-complected, blue-eyed, grey-haired, and with a scar on his forehead and right cheek.

According to his obituary in the *Ferndale Enterprise*, George Hindley was elected County Supervisor, District One (Mattole and Ferndale areas), in 1885, for one term; and again, in 1900, during which incumbency he was re-elected repeatedly until his death in 1914. Thereby, he served as Supervisor for over 17 years. He had moved the family to the Ferndale area in the first year or two of the twentieth century, surrendering management of the Honeydew Ranch to son-in-law George C. Lindley. Lindley himself later became a County Supervisor and road crew boss. His son, George's grandson Elwyn C. Lindley, was also a County Roads man. Perhaps George Hindley's greatest accomplishment as Supervisor was overseeing the construction of Fernbridge in 1911. His obituary says, "Mr. Hindley worked hard for the construction of the big concrete bridge over Eel river, and after it was built he was often referred to as 'Father of the Bridge.' That beautiful and substantial structure will long stand as a monument to his memory."

In late 1913, according to Jerry Rohde's research as presented in *Southwest Humboldt Hinterlands*, George had planned the extension of the Bull Creek Road from the boundary with the Second Supervisorial District westward over to the junction of Honeydew Creek, the main Mattole, and the Upper North Fork. He would have been well positioned, with his thousands of acres of ranchland stocked with cattle, sheep, and hogs, and his 40-acre orchard of apple, prune, peach, and walnut trees, to take advantage of the connection to the Northwestern Pacific Railroad station at South Fork. However, he was not to see the plan quite to fruition, as he passed away, somewhat unexpectedly (he had been feeling unwell for a couple of weeks), at the age of 67, on March 10, 1914. (Margaret Jane survived him until January, 1919.

Still, the road from Bull Creek, Dyerville, the mainstem Eel River, and the railroad line, did accelerate development at that crossroads—a junction of not only rivers and now roads, but also the Humboldt Meridian (a north-south line) and map townships Two South and Three South (east-west)—so that we had a school named "Honey Dew" in 1915, the Honeydew Bridge in 1920, the Honeydew Store built next to the bridge by Levi Thrapp in 1923, and a Honeydew Post Office in 1926. (The original county road from Petrolia had come to this area on the north side of the river, so there was no urgent need for a bridge in 1913 when the Bull Creek road was being built, especially since there was already a bridge about a mile downstream for access to and from Etter land on that southwest side of the river.)

George Hindley was a sociable and civic-minded man, serving as a member of the building committee for the County Courthouse; a Mason, belonging to Ferndale Lodge #178; an Odd Fellow—Ferndale Lodge #220; and an Elk (BPOE) as well as a member of the Knights of Pythias.

However, his most notable contributions may have been specifically transportation projects including a bridge which is, oddly, not named for him (Fernbridge). It is past time to name a bridge for George Hindley, and the one surrounded by property he nurtured and developed, on a road he championed, is highly appropriate.

Supervisor and Mrs. Hindley, poised to drive the first carriage across Fernbridge, November 12, 1911. The horse and buggy are ceremonial; many automobiles rapidly took advantage of this crucial link to Humboldt County at large.

Further info for the Hindley file:

Ferndale Enterprise (Ferndale, California) 13 March 1914, Friday - page 1.

LAST CALL ANSWERED BY GEORGE HINDLEY

Last Tuesday morning, shortly after one o'clock, at his home in Ferndale, George Hindley, one of Humboldt's best known men, answered the call of the death angel after an illness of about two weeks. He had been feeling considerably improved Monday and was thought to be on the road to recovery. About midnight, however, he was taken suddenly worse, and an hour later passed away. George Hindley was a native of Elgin county, Canada West, where he was born October 13, 1846. At the time of his death he was aged 67 years, 4 months and 24 days.

In the year 1854 with his parents he came to California, the family settling in Weaverville, Trinity county. Here George Hindley grew to young manhood and shortly after he was twenty-one years of age he came to Humboldt county and settled in the Mattole valley. Here he made his home for many years, engaged in ranching and stock raising, until with his family he came to Ferndale some thirteen years ago to reside, shortly after his election as Supervisor of this district in 1900.

Mr. Hindley served this district as Supervisor one term from 1885 to 1888. He then retired to his fine ranch at Upper Mattole unit again called by the people in 1900.

He had since been re-elected at each election and had filled the office for more than thirteen years past. With his previous term he had been a member of the Board of Supervisors of this county more than seventeen years.

On December 25, 1866, George Hindley was united in marriage to Miss Margaret Jane Holman at Weaverville, Trinity county, and soon afterwards they came to Humboldt, which has since been their home. To bless this union thirteen children were born, of whom nine survive their father, as follows: George L[awton]. Hindley of Hydesville; Mrs. Walter Hackett [Annie] and Ernest Hindley of Ferndale; Mrs. Walter Reishus [Cora] of Cottonwood, Minnesota; Mrs. George Lindley [Verna] of Upper Mattole; Mrs. M. Waddington [Enid] of Waddington; Miss Rebecca, Joseph [later dentist Doc J.N.D. Hindley], and Henry Hindley, of Ferndale. Besides these there are left to mourn, the widow, Mrs. Margaret Hindley, several grandchildren and other more distant relatives.

The death of George Hindley has cast a gloom over all Humboldt county. He was known to old and young in every part of the county and was universally esteemed and respected. Of a sunny disposition, he attracted and held friends, and a chat with him was a sure cure for the blues. A testimony of his popularity is seen in the fact that he was elected Supervisor time after time as a Democrat, though the district was strongly Republican.

As Supervisor, Mr. Hindley worked hard for the construction of the big concrete bridge over Eel river, and after it was built he was often referred to as "Father of the Bridge." That beautiful and substantial structure will long stand as a monument to his memory.

Faithful to his trust to the last, Mr. Hindley spent the last afternoon of his life examining the claims from his district and getting them in readiness for presentation at the meeting of the Board on Tuesday, though he might justly have excused himself from this duty, by reason of his illness.

Fraternal Mr. Hindley was a member of the Masons, Odd Fellows, Knights of Pythias, Elks and several other orders. These societies will attend the funeral services in a body.

Arrangements for the funeral have not been completed, awaiting the arrival of a daughter, Mrs. Walter Reishus [Cora], for the East. If that lady arrives tomorrow as has been expected, the funeral will be held Sunday. Should Mrs. Reishus not be able to make connections with the steamer leaving San Francisco today she will not be able to reach Ferndale before Monday, in which event the

funeral will probably be held Tuesday. The services will be from the family residence, Rev. A. W. Bell officiating, and the Masons will have charge of the services at the grave.

Inscription on stone

George Hindley

1846 - 1914

Native of Canada

Supervisor of Humboldt Co. 14 Years

~~~~~

Note that date in the Guinn *History of the State of California*, of age of Margaret Holman Hindley's father Nicholas Holman, is wrong. He would be 77 (born in 1826), not 87. I am not positive of the date of the *History*, but the various editions are all from about 1902-1906; and in this one Cora had not yet married (she did so in 1908). I will assume this is a 1903 publication, and the writers were simply off by a digit or a decade. The Hindley entry in that Guinn volume was found as one of the "memories" on the FamilySearch.org page of records, and did not cite precise information about the book.

I cannot now ascertain when the Hindley family moved down the hill from the Windy Nip/ Cathey's Peak area to what we call the Old Hindley Ranch, across the river from the Honeydew Store. The NW ¼ of Section 6 (T3S, R1E), containing the big flat around Old Hindley Ranch and Applegate Rds., was patented by Elias Hunter in 1876. George Hindley's original land patents are in the T2S area (Sections 28, 29, 30, 32, and 33) up above, and are recorded from 1882 'til 1900. Children and siblings (e.g., Joseph Holman, Margaret Hindley's brother, and George L. Hindley, the pair's eldest child) of Mr. & Mrs. George Hindley did patent some land in that area of Honeydew proper. The online General Land Office records only show original patents from the government, not later purchases or exchanges. I imagine you, Lisa and Laurence, probably have the title records showing when the big ranch areas near the river were acquired. Also, the burial dates on the headstones at the cemetery at Jim and Roxy's would probably indicate the family's residence there. And the 1886 Forbes map and 1898 Lentell map, and onward, show G. Hindley as owner of the NW ¼ of Sec. 6 and the SE ¼ of Sec. 36.

Honeydew, CA

Est 1872

## Celebrating 150 years in the Mattole Valley

In 1872 our family patriarch George Hindley left the gold rush in the little Trinity County town of Weaverville and embarked on a journey that would forever change the lives of generations ahead of him. He had heard of land in the beautiful Mattole Valley of Humboldt County where the rain was plentiful and the land was rich. He, with his family of 12, homesteaded our family ranch where he raised sheep and grew apples with the perseverance that only a rancher could know.

Thru the generations since our family has also persevered and worked the land and changed our business dynamics as our world has changed. We currently organically grow hay and farm wheat and rye and are proud to be able to partner to sell our grains to Alchemy Distillery who is only 80 miles from our family ranch.

Our patriarch George Hindley went on to be the County Supervisor for two terms and for generations since our family has gone on to serve our country in the military as well as support our community by being mayor, bankers, business owner, dentist, contractors, law enforcement officers, beautician, educators, county fair Managers (yes we have had 2 of them!) and the list goes on.....every family has a history and ours is pretty darn awesome!

This year the California State Fair & Expo - CA Agricultural Heritage Club awarded our family our 150<sup>th</sup> year milestone award. This milestone is a "prestigious group to families and businesses who are descendants of pioneer ranches, farms and agribusinesses of early California."

Our family shares this distinction with only 2 other California families and can proudly say we are the only family ranch north of Sacramento that was awarded this milestone.

We are extremely grateful and humbled by this milestone as well as the support from the Humboldt County community.

Thank you and cheers to another 150 years!

County of Humboldt

Thomas K. Matson

Public Works Director

Attn: Thomas Matson

After reviewing the historical documents and looking at our documents we can confirm that Supervisor George Hindley Sr. was an outstanding member of the community

He was instrumental in the building of Fernbridge as well as the Humboldt County Court House. Fernbridge is now a historical landmark and the main access to Ferndale.

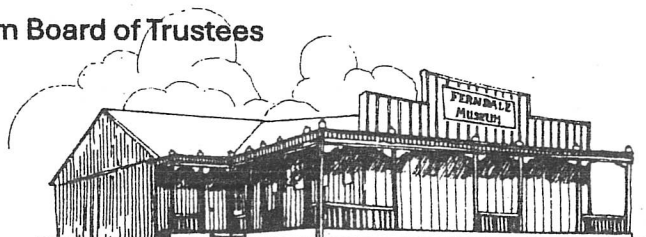

Even though never completed, Supervisor Hindley worked tirelessly before his death to extend Bull Creek Rd. from the boundary with Second District Supervisor westward to the junction of Honeydew Creek, and the main Mattole. His hard work in the beginning led to eventually connecting.

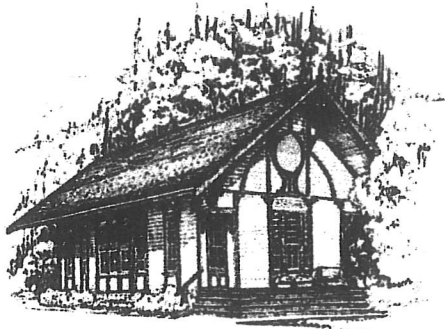

He was a rancher, supervisor and astute businessman. He was a man of ability, intelligence and very influential in the management of public affairs providing good service to the community.

We strongly suggest the dedication of the new Honeydew bridge to Supervisor George Hindley Sr.

Respectfully submitted,

The Ferndale Museum Board of Trustees

Thomas K. Mattson  
Public Works Director  
County of Humboldt  
1106 Second Street  
Eureka, CA 95501

Dear Mr. Mattson,

I hope this finds you well. I'm writing in support of a request for the soon-to-be-constructed new Honeydew bridge to be named in honor of former Humboldt County Supervisor George Hindley (1847—1914).

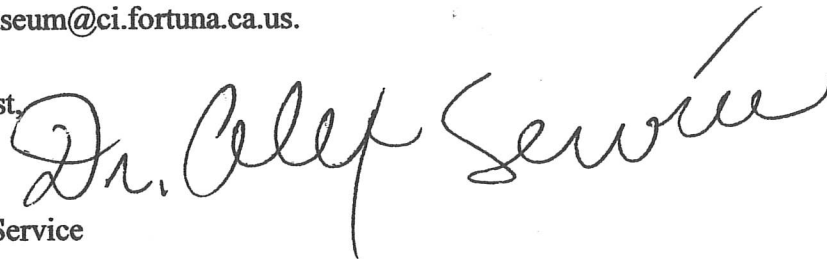

When I was researching George Hindley in preparation for writing this letter, I was struck by Hindley's career-long dedication to improving Humboldt County's transportation infrastructure. The *Humboldt Times* articles on Board of Supervisors' meetings in 1887-88 include frequent updates such as "It is ordered that Supervisor Hindley be appointed a Commissioner to prepare plans and specifications for construction" of "a new bridge across Oil Creek" (7/10/1888) and "Supervisor Hindley is authorized to spend \$200 to improve the crossing of old Eel River on the Dungan Ferry road" (8/15/1888). During his service as District 1 Supervisor from 1900—1914, he played a crucial role as one of the driving forces behind the construction of Fernbridge. After his death on March 10, 1914, the *Humboldt Times* wrote,

*Two weeks ago Mr. Hindley attended an adjourned meeting of the board of supervisors ... At that time a delegation of citizens attended the meeting and made a plea in behalf of the purchase of highway bonds. Mr. Hindley cast his vote in favor of buying \$150,000 worth of the bonds. This, one of his last acts as a public official, reflected the service he had given not only the people of his own district, but of the entire county ...*

Given George Hindley's devoted work constructing and improving Humboldt County's bridges and roads, it seems to make perfect sense that a new bridge at Honeydew—the region in which the Hindley family ranch is located—would be named after Supervisor George Hindley.

Please feel free to contact me if I can be of help in providing further historical information on Supervisor Hindley. You can reach me at the Fortuna Depot Museum at 707-725-7645 or [fortunamuseum@ci.fortuna.ca.us](mailto:fortunamuseum@ci.fortuna.ca.us).

All the best,

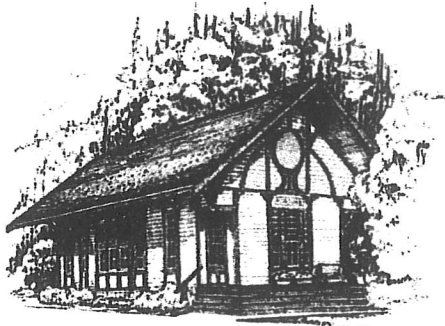

A handwritten signature in cursive script that reads "Dr. Alex Service". The signature is written in dark ink and is positioned to the right of the phrase "All the best,".

Thomas K. Mattson  
Public Works Director  
County of Humboldt  
1106 Second Street  
Eureka, CA 95501

Dear Mr. Mattson,

As members of the Fortuna Historical Commission, we are writing to express support for the campaign to have the soon-to-be-constructed new Honeydew Bridge named in honor of George Hindley (1847—1914), former Humboldt County District 1 Supervisor.

Naming the new Honeydew bridge after George Hindley would be thoroughly appropriate. Hindley was a highly-respected rancher in the Honeydew area, and served as supervisor for one term in the 1880s and again from 1900—1914. During his terms as supervisor, as well as when he was not in office, he was deeply and actively involved in the development, construction and improvement of Humboldt County's bridges and roads. His most famous achievement in Humboldt County's history is his work overseeing the construction of Fernbridge, completed in 1911.

At the final Humboldt County Supervisors' meeting George Hindley attended, he voted for the county to purchase \$150,000 worth of highway bonds. After Hindley's March 10, 1914 death, his fellow supervisors approved the highway bonds purchase, before adjourning the meeting in his honor.

In recognition of George Hindley's contributions to Humboldt County's infrastructure, and his services to this county and its people, we whole-heartedly support the request to name the new Honeydew bridge in his honor.

Sincerely yours,

*Ruth Debat*

Thomas K Mattson

Public Works Director

County of Humboldt

1106 Second Street

Eureka CA 95501

Dear Mr Mattson

I am writing to express my strong support for naming the proposed bridge in Mateole after George L. Hindley, a distinguished local pioneer whose contributions have profoundly shaped our community's history and identity.

George L. Hindley was a trailblazer whose legacy embodies the spirit of Humboldt county. George served as supervisor for many years. Hindley's dedication to transportation in our county left an indelible mark. Naming the bridge after Hindley would honor his pivotal role in our region's development and serve as a lasting tribute to their vision and perseverance.

This bridge in Honeydew, represents progress and unity—values that Hindley exemplified.

I understand that naming decisions carry significant weight, where names are chosen to reflect deep historical and cultural meaning. Hindley's contributions align with this principle, making their name a fitting choice that resonates with our shared heritage.

Our society agrees that to name this bridge after George Hindley would be an honor to a pioneer that is well deserved.

Thank you for your time and commitment to preserving our community's history through this meaningful decision. I am happy to provide additional information or participate in public discussions to support this proposal.

Sincerely,

Marleen D Genzoli-Hall

Re: Naming of new Honeydew Bridge

To Whom It May Concern:

The century-old Honeydew Bridge across the Mattole River, a vital link between the Mattole Valley, the Lost Coast and King Range, and the main transportation and communications corridors of the South Fork Eel River and Highway 101, is being replaced. While the much-loved old bridge always went by merely "the Honeydew Bridge," the new bridge's dedication offers us the opportunity to honor a stellar character who was instrumental in the development of the road from the east (Bull Creek Rd.), the building of Fernbridge—the northern link for the Mattole Valley to the outside world—and the prosperity of the Southern Humboldt/Mattole areas in general.

George Hindley, 1846-1914, was a County Supervisor for our District for seventeen years and a large landowner and rancher in and above Honeydew for most of his life. He was the prototype of the hard-working, civic-minded pioneer—a family man, good neighbor, and public servant. He made a name for himself and for his large family and many descendants. However, as far as I know, that name does not appear on any public monument. If anything, Fernbridge should have been named for the man who worked so hard to see that project to fruition; but Hindley's dedication to his home turf of Honeydew and his work in pushing through the Bull Creek Rd., which crosses the new bridge to end at the Honeydew crossroads, makes his name on this bridge equally appropriate.

The list of George Hindley's accomplishments and contributions is long and impressive. The Mattole Valley Historical Society, of which I am a part, has many records attesting to this, and I am sure there is no need to repeat specifics here. In this letter, I am speaking for myself, to assure you that in my many years of reading the history of the Mattole Valley, I have encountered nobody more deserving of his name on such an essential and visible structure in Honeydew as George Hindley—on the beautiful new "George Hindley Memorial Bridge."

Thank you for your consideration of this earnest bid for recognition of one of the Mattole Valley's foremost champions.

Sincerely,

Laura Cooskey

HONEYDEW VOLUNTEER FIRE COMPANY  
POST OFFICE BOX 74  
HONEYDEW, CA 95545-0074

F.E.I.N 77-0151702

6 April 2025

Thomas K. Mattson  
Public Works Director  
County of Humboldt  
1106 Second Street  
Eureka, CA 95501

To Whom It May Concern:

Honeydew Volunteer Fire Company is in support of naming the new 2-lane bridge at Honeydew, which is being installed this summer, in memory of George L. Hindley, one of the longest serving County Supervisors for District One.

It will be sad to see the current one-lane bridge removed, but the new bridge will provide a safer 2 lanes of traffic. George Hindley would be proud that his name will grace a structure that he had foreseen necessary while he served as Supervisor.

Please consider this a letter of appropriate support for naming the new bridge after George L. Hindley.

Best regards,

Peter Marshall, Chief  
Honeydew Volunteer Fire Company

June 9, 2025

Thomas K. Mattson  
Public Works Director  
County of Humboldt  
1106 Second Street  
Eureka, Ca 95501

To Whom it May Concern:

This letter is in support of naming, upon its completion, the new bridge at Honeydew after former Humboldt County Supervisor for District 1, George Hindley.

Mr. Hindley was one of the earlier settlers to the Mattole Valley, moving to the area in 1857. Upon his arrival he established a large livestock and fruit orchard ranch in Honeydew. In fact his property was adjacent to the Mattole River at the very spot where the bridge at Honeydew is located.

In addition, he was elected and served as a County Supervisor for four terms. During his time in office, he was credited by many for guiding the process in determining the location for building Fernbridge.

In recognition of his contributions to not only the Mattole Valley, but the County at large, I give my full support to the naming of this bridge after George Hindley.

Respectfully,

  
Mayor Randall Cady  
City of Ferndale

Eureka, CA 95501

Mr. Mattson,

It has come to our attention that the Hindley family is seeking community support in naming the upcoming bridge in Honeydew after former Supervisor George L. Hindley. We are writing to you to express our support in this endeavor. The Hindley family has deep roots in the County and it is admirable that they wish to keep their family legacy in memory.

An integral part of his legacy are early 20<sup>th</sup> century transportation projects in the County, including Fernbridge. Hindley was an early pioneer to our community and was referred to as "one of the most active and respected men of his community". We strongly support the family's efforts to permanently display the memory of their great-grandfather in the form of something as simple as the name of a bridge and the symbolism of his life's work being transportation projects is not lost on us.

Thank you for your time in reading this,

Sarah McCann & the Agland Engineering Team

The Hackett Family

March 26<sup>th</sup>, 2025

Thomas Mattson  
Public Works Director  
County of Humboldt  
1106 2<sup>nd</sup> Street  
Eureka, CA 95501

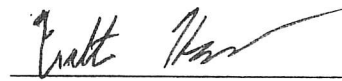

Dear Thomas,

Our family would like to extend our support in naming the new bridge in Honeydew after George L. Hindley. We believe in the sentiment of naming landmarks after pioneers and prominent figures, and Hindley was both of those things. Seeing your own family name on a bridge invokes a sense of accomplishment and the motivation to continue the momentum set by our grandparents or great-great grandparents.

It is with great pleasure that we endorse our support of this effort.

Thank you,  
The Hackett Family

Board of Supervisors  
County of Humboldt  
825 5th St.  
Eureka, Ca 95501

To the Board of Supervisors,

As a great-great grandson of George Hindley, it is an honor to write this letter in support of naming, upon its completion, the new bridge at Honeydew as the George Hindley Bridge.

To better understand his role as a leader in Humboldt County and as a resident of the Mattole Valley, I refer to the actions and words of his peers during that era.

1. George was elected/re-elected Humboldt County District 1 Supervisor, in 1884, 1900, 1904, 1908 and 1912.
2. The 1904 Historical and Biographical Record of Coast Counties California stated: "Occupying a position of prominence among the foremost citizens of Pacific township, George Hindley is one of the extensive and successful stockmen in Humboldt County. A man of ability, intelligence and excellent business talent, he is very influential in the management of public affairs, and is now rendering good service to the community in which he resides as supervisor of District No. 1."
3. The Record of Coast Counties California acknowledged the substantial Hindley Ranch of 2,800 acres, producing high quality grades of cattle and sheep and providing numerous opportunities for employment. (Please note the Hindley Ranch is located adjacent to the Mattole River at the very spot where the bridge at Honeydew is being replaced)
4. His passionate and dedicated service as Supervisor was briefly described in the Ferndale Enterprise regarding County approval for the building of Fernbridge: "Eel River Valley supervisor George Hindley 'talked himself hoarse' trying to persuade the remaining members of the Board to take action...".
5. Upon his death in 1914 the Ferndale Enterprise reported: "Mr Hindley worked hard for the construction of the big concrete bridge over the Eel River, and after it was built was often referred to as 'Father of the Bridge'...".
6. Ferndale Enterprise 1914: "The death of George Hindley has cast a gloom over all Humboldt County. He was known to old and young in every part of the county and was universally esteemed and respected. Of a sunny disposition, he attracted and held friends, and a chat with him was a sure cure for the blues."

The legacy of George Hindley, as documented, is deserving of consideration and approval by the Humboldt County Board of Supervisors as the name for the new bridge crossing the Mattole River at Honeydew.

Respectfully,

Jack Lakin  
Honeydew, Ca.

April 23, 2025

Thomas K. Mattson  
Public Works Director  
County of Humboldt  
1106 Second Street  
Eureka, CA 95501

Mr. Mattson,

Our family is seeking support, from the local Community and the County of Humboldt, to officially dedicate and name the soon to be constructed Honeydew Bridge after Supervisor George L. Hindley. He was an early settler to the Mattole Valley and the founder of the Hindley Ranch, currently still in operation through six-generations.

In 1857, as our family patriarch, George set out from the gold rush "fever" of Trinity County and the small town of Weaverville. Embarking on a journey that would change forever the future lives of generations in Humboldt County, both its residents and our family. He had heard many stories of the land, in the beautiful Mattole Valley, where the rain was plentiful and the land was rich. With his family of 12, he homesteaded the ranch of over 2,000 acres. It was here, with the perseverance that only a rancher could know, he provided for his family and offered the opportunity for work to many. Along with raising a variety of cattle, sheep, and hogs, the ranch developed 40 acres of orchards bearing apples, prunes, peaches and walnuts.

Great Grandfather George established himself as a well-respected and hardworking family man. Additionally, he was extensively involved with his Community and a committed public servant to the residents of Humboldt County.

George Hindley went on to be elected County Supervisor for multiple terms; serving from 1885 to 1888, and again from 1901 until his death in 1914. As a supervisor, he was held in high esteem throughout the County. Many credited his very

passionate and dedicated leadership as instrumental in the building of Fernbridge and connecting the communities from both sides of the Eel River. He was referred to by many as the "Father of the Bridge".

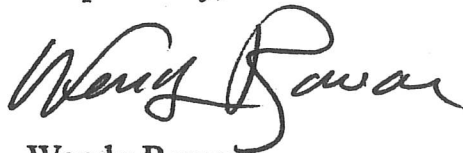

Records indicate that George also served as a member of the Humboldt County Courthouse Building Committee, the Ferndale Masonic Lodge #178, Ferndale Odd Fellow Lodge #220, the BPOE of Elks, as well as a member of the Knights of Pythias.

Through the generations, the Hindley family has also persevered, worked the land and adapted our business dynamics as the world around us has changed. We currently harvest organically grown hay; farming both wheat and rye. Proudly able to partner and sell to a local Humboldt County distillery.

Following George's lead, future generations of family have gone on to serve our country in the military; as well as supporting our local Community as County Supervisors, mayor, farmers, ranchers, bankers, business owners, dentist, contractors, law enforcement officers, firefighters, beauticians, educators, Humboldt County Fair Managers (yes we have had 2 of them!) and the list goes on....every family has a history and thanks to George's legacy ours is pretty darn awesome!

We are very appreciative for both your time and consideration.

Respectfully,

A handwritten signature in cursive script, appearing to read "Wendy Rowan".

County of Humboldt  
1106 Second Street  
Eureka, CA 95501

**July 23, 2025**

Dear Mr. Mattson,

I am writing in regards to the historic Honeydew Bridge replacement project currently being undertaken in the upper Mattole Valley. At some point the new bridge will be assigned a name. I'm aware that there is a process to name a bridge, highway or other public structure that might named in honor of persons whom resided within the county that have considerable contribution towards the history of the area, the public good and/or service of it, or possibly as a memorial to certain persons who also resided in our county that lost their lives in the course of their duties.

I would like to ask the County to consider naming the bridge after a late relative of mine, George Hindley (b.1846-d.1914) a person whom contributed greatly to the early development of transportation, trade and also a former Humboldt County supervisor. Mr. Hindley was a long term resident of the Mattole Valley, having established a large ranch in the late 1800s that with others, raised and supplied goods, produce and livestock to and from the valley, and to points far beyond Humboldt. His former ranch continues to this day and is one of the oldest still-operating ranches on the north coast, having attained semi-centennial (150 years) status by the State of California in 2022. Mr. Hindley had many achievements throughout the county as a businessperson and a public servant. Some of the more notable accomplishments were development of overland trade and transportation routes from the Mattole Valley to the Eel River valley and eventually the newly opened Northwest Pacific railroad. He was instrumental in the construction and opening of historic Fern Bridge while serving as county supervisor, a title he held for 14 years. He was a long standing member of various Eel River valley civic groups such as the Masons, Knights of Pythias, Odd Fellows and the Elks. Mr. Hindley was quite influential in early agriculture of southern Humboldt and the Mattole Valley.

Please consider honoring Mr. Hindley's county-wide achievements and timeless public service to the public good by naming the new bridge in his honor.

Cordially,

A handwritten signature in black ink, appearing to read "Corbett Petersen", with a stylized flourish at the end.

Eureka, CA 95501

Mr. Mattson,

**Our family is seeking support, from the local Community and the County of Humboldt, to officially dedicate and name the soon to be constructed Honeydew Bridge after Supervisor George L. Hindley. He was an early settler to the Mattole Valley and the founder of the Hindley Ranch, currently still in operation through six-generations.**

In 1857, our Great Grandfather George left the gold rush "fever" town of Weaverville, and embarked on a journey that would change forever the future lives of generations of our family. With his family of 12, he homesteaded the ranch in Honeydew of over 2,000 acres. It was here, with the perseverance that only a rancher could know, he provided for his family and offered the opportunity for work to many. Along with raising a variety of cattle, sheep, and hogs, the ranch developed 40 acres of orchards bearing apples, prunes, peaches and walnuts.

Over time, our Great Grandfather George became more involved with his community and serving the residents of Humboldt County. He went on to be elected County Supervisor from 1885 to 1888, and again from 1901 until his death in 1914. As a supervisor, he was held in high esteem throughout the County. Many credited his very passionate and dedicated leadership as instrumental in the building of Fernbridge, connecting the communities from both sides of the Eel River. He was referred to by many as the "Father of the Bridge".

Through the generations, the Hindley family has also persevered, working the land and adapting to the world around us. We still farm in the Mattole Valley, harvesting organically grown hay, and grow wheat and rye for local businesses. We have gone on to serve in the military, serve as county supervisors, mayor, farmers, ranchers, nurses, bankers, business owners, dentist, contractors, law enforcement officers, firefighters, beauticians, educators, and Humboldt County Fair Managers (yes, we have had 2 of them!). Our Great Grandfather's legacy of service and dedication for the residents of Humboldt County is still very much alive in his descendents.

Naming the new Honeydew Bridge after Supervisor George L. Hindley would be a great honor to his legacy and our family as we continue to contribute to our communities in Humboldt County.

Best Regards,

Lisa Jo Hindley

Thomas K. Mattson  
Public Works Director  
County of Humboldt  
1106 Second Street  
Eureka, CA 95501

Mr. Mattson,

Our family is seeking support, from the local Community and the County of Humboldt, to officially dedicate and name the soon to be constructed Honeydew Bridge after Supervisor George L. Hindley. He was an early settler to the Mattole Valley and the founder of the Hindley Ranch, currently still in operation through six generations.

In 1857, as our family patriarch, George set out from the gold rush "fever" of Trinity County and the small town of Weaverville. Embarking on a journey that would change forever the future lives of generations in Humboldt County, both its residents and our family. He had heard many stories of the land, in the beautiful Mattole Valley, where the rain was plentiful and the land was rich. With his family of 12, he homesteaded the ranch of over 2,000 acres. It was here, with the perseverance that only a rancher could know, he provided for his family and offered the opportunity for work to many. Along with raising a variety of cattle, sheep, and hogs, the ranch developed 40 acres of orchards bearing apples, prunes, peaches and walnuts.

Great Grandfather George established himself as a well-respected and hardworking family man. Additionally, he was extensively involved with his Community and a committed public servant to the residents of Humboldt County.

George Hindley went on to be elected County Supervisor for multiple terms; serving from 1885 to 1888, and again from 1901 until his death in 1914. As a supervisor, he was held in high esteem throughout the County. Many credited his very passionate and dedicated leadership as instrumental in the building of Fernbridge and connecting the communities from both sides of the Eel River. He was referred to by many as the "Father of the Bridge".

Records indicate that George also served as a member of the Humboldt County Courthouse Building Committee, the Ferndale Masonic Lodge #178, Ferndale Odd Fellow Lodge #220, the BPOE of Elks, as well as a member of the Knights of Pythias.

Through the generations, the Hindley family has also persevered, worked the land and adapted our business dynamics as the world around us has changed. We currently harvest organically grown hay; farming both wheat and rye. Proudly able to partner and sell to a local Humboldt County distillery.

Following George's lead, future generations of family have gone on to serve our country in the military; as well as supporting our local Community as County Supervisors, mayor, farmers, ranchers, bankers, business owners, dentist, contractors, law enforcement officers, firefighters, beauticians, educators, Humboldt County Fair Managers (yes we have had 2 of them!) and the list goes on....every family has a history and thanks to George's legacy ours is pretty darn awesome!

We are very appreciative for both your time and consideration.

Cheers,

A handwritten signature in cursive script that reads "Kimberly A. Hindley". The signature is written in dark ink and is positioned above the printed name.

Kimberly Hindley

PO Box 221

Ferndale, CA 95536

We the undersigned residents and friends of the Mattole Valley urge the County of Humboldt to officially name the Honeydew bridge crossing the Mattole River on the Mattole Road at Honeydew the Supervisor George Hindley Memorial Bridge and to place signs thereto that effect. We ask this to commemorate, for present and future generations, the great contributions that Supervisor George Hindley made to the Mattole Valley, the Eel River Valley and the County of Humboldt.

February 25, 2025

We the undersigned residents and friends of the Mattole Valley urge the County of Humboldt to officially name the Honeydew bridge crossing the Mattole River on the Mattole Road at Honeydew the Supervisor George Hindley Memorial Bridge and to place signs thereto that effect. We ask this to commemorate, for present and future generations, the great contributions that Supervisor George Hindley made to the Mattole Valley, the Eel River Valley and the County of Humboldt.

February 25, 2025

We the undersigned residents and friends of the Mattole Valley urge the County of Humboldt to officially name the Honeydew bridge crossing the Mattole River on the Mattole Road as Honeydew the Supervisor George L. Hindley Memorial Bridge and to place a sign thereto that effect. We ask this to commemorate, for present and future generations, the great tributions that Supervisor George L. Hindley made to the Mattole Valley, the Eel River Valley and the County of Humboldt.
